LA CREMA

Our original name, La Crema Vinera, means “best of the vine,” setting the standard for all we do since 1979. Our family-owned and operated winery focuses exclusively on cool-climate appellations. We’re continually exploring these very special regions—passionate in our belief that they make uniquely expressive and elegant wines.

### A REMARKABLE PLACE

Characterized by its cool climate, the Los Carneros AVA is moderated by maritime influences from two distinct sources. One major source of influence is the San Pablo Bay to the South and the other is the Pacific Ocean to the North West by way of the Petaluma Gap. Stretched across the southern reaches of Sonoma and Napa County this growing region is known for producing world-class chardonnays. The fruit for this wine was primarily sourced from our Carneros Hill Vineyard close to the cooling breezes of the San Pablo Bay. The Los Carneros AVA vineyard sites chosen for this wine benefit from a diverse selection of chardonnay plantings and well-draining Haire clay loam soils. Clones include Prosser, 4, 96, 48, and 131.

### EXCEPTIONAL GRAPES

The 2019 growing season in the Los Carneros AVA was nearly ideal. Winter began with record rainfall in February, which replenished groundwater. In May, heavy rain came right around bloom, but it did not affect fruit set substantially. A long slow ripening during summer produced grapes with concentrated flavors, aromas, and vibrant acidity. The harvest for the Los Carneros Chardonnay began on September 18th.

### ARTISAN WINEMAKING

The grapes were gently whole-cluster pressed and the juice settled overnight before being racked to French Oak barrels. The juice was inoculated with a complementary yeast strain and fermented in barrel. Lees were stirred regularly to develop texture and the full lot underwent malolactic fermentation. The finished wine was aged for 10 months in barrel without racking.
